

Testimonials on Joseph Carringer and didgeridoo harmonic therapy

Hi Joseph,

... I also benefited from the didgeridoo healing. I've been doing a lot to support my health and not have fear of the lumps in my breast, and your healing helped to strengthen that. I had my appointment yesterday and the doctor said if anything the lumps are less now and I don't need another appointment for a year. I wouldn't be surprised if even one sound healing session could do that, because of how confident I felt in my health with my intention and your didg sound. You can quote me. ...

Take care

Michelle
