Joseph,

I'm entering a new and beautiful phase of my healing and am getting as much power behind it, around it, as I can. I listen to your didge cd on my way to therapy and on my way home from therapy to soothe the wounds I have and I believe deeply that it helps, so thank you! I'm looking forward to seeing you when you come back to The Place For Reiki!

God bless,

D.H., Pittsburgh, PA
